**NRSP MICROFINANCE
BANK LIMITED
ANNUAL AUDITED
FINANCIAL STATEMENTS
FOR THE YEAR ENDED
DECEMBER 31, 2012**

AUDITORS' REPORT TO THE MEMBERS

We have audited the annexed balance sheet of NRSP Microfinance Bank Limited (the Bank) as at December 31, 2012 and the related profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof (herein-after referred to as the 'financial statements') for the year then ended and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of our audit.

It is the responsibility of the Bank's management to establish and maintain a system of internal control, and prepare and present the financial statements in conformity with the approved accounting standards and the requirements of the Companies Ordinance, 1984 and the Microfinance Institutions Ordinance, 2001. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the auditing standards as applicable in Pakistan. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the above said statements are free of any material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the above said statements. An audit also includes assessing the accounting policies and significant estimates made by management, as well as, evaluating the overall presentation of the above said statements. We believe that our audit provides a reasonable basis for our opinion and, after due verification, we report that:

- a. in our opinion, proper books of account have been kept by the Bank as required by the Companies Ordinance, 1984;
- b. in our opinion:
 - i. the balance sheet and profit and loss account together with the notes thereon have been drawn up in conformity with the Companies Ordinance, 1984 and the Microfinance Institutions Ordinance, 2001 and are in agreement with the books of account and are further in accordance with accounting policies consistently applied;
 - ii. the expenditure incurred during the year was for the purpose of the Bank's business; and
 - iii. the business conducted, investments made and the expenditure incurred during the year were in accordance with the objects of the Bank;
- c. in our opinion and to the best of our information and according to the explanations given to us, the balance sheet, profit and loss account, cash flow statement and statement of changes in equity together with the notes forming part thereof conform with approved accounting standards as applicable in Pakistan, and give the information required by the Companies Ordinance, 1984 and the Microfinance Institutions Ordinance, 2011, in the

M

manner so required and give a true and fair view of the state of the Bank's affairs as at December 31, 2012 and of the profit, its cash flows and changes in equity for the year then ended; and

- d. in our opinion, Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (xviii of 1980), was deducted by the Bank and deposited in the Central Zakat Fund established under Section 7 of that Ordinance, 1980.

The financial statements of the Bank for the year ended December 31, 2011, were audited by another firm of chartered accountants, who in their report dated February 27, 2012, expressed an unqualified opinion on those financial statements.

NRSP MICROFINANCE BANK LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2012

1 STATUS AND NATURE OF BUSINESS

NRSP Microfinance Bank Limited ("the Bank") was incorporated as a public limited company incorporated in Pakistan on October 22, 2008 under the Companies Ordinance 1984. The Bank received a license by the State Bank of Pakistan (SBP) to operate as a microfinance bank on February 18, 2009, and received certificate of commencement of business from Securities and Exchange Commission of Pakistan (SECP) on February 8, 2011. Further SBP approved the application of the Bank for commencement of business on February 28, 2011.

The Bank is established to mobilize funds for providing microfinance services to economically challenged people for mitigating poverty and promoting social welfare and economic justice through community building and social mobilization with the ultimate objective of poverty alleviation.

The Bank's registered office is situated at 46, Aga Khan Road, F/6-4, Islamabad and principal place of business is situated at Chak No 10 B/C, University Road, Bahawalpur. There are 39 branches of the Bank as at December 31, 2012 (2011: 19 branches).

National Rural Support Programme (NRSP) is the holding company of the Bank which holds 52% (2011: 76.47%) shares of the Bank.

2 BASIS OF PRESENTATION

These financial statements have been presented in accordance with requirements of format prescribed by the SBP Banking Supervision Department (BSD) Circular number 11 dated December 30, 2003.

3 STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with the approved accounting standards as applicable in Pakistan. Approved accounting standards comprise of such International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Ordinance, 1984, the requirements of the Companies Ordinance, 1984, the Microfinance Institutions Ordinance, 2001, the Prudential Regulations for Microfinance Banks ("the regulations") and directives issued by the Securities and Exchange Commission of Pakistan and the State Bank of Pakistan. Wherever the requirements of the Companies Ordinance, 1984, the Microfinance Institutions Ordinance, 2001, the Prudential Regulations for Microfinance Banks and directives issued by the Securities and Exchange Commission of Pakistan and the State Bank of Pakistan differ with the requirements of IFRSs, the requirements of the Companies Ordinance, 1984, the Microfinance Institutions Ordinance, 2001, the Prudential Regulations for Microfinance Banks or the requirements of the said directives shall prevail.

SBP has clarified that International Accounting Standard 39, "Financial Instruments: Recognition and Measurement" and International Accounting Standard 40, "Investment Property" are not applicable to the banks through BSD Circular No. 10 dated August 26, 2002. Further, SECP has deferred the applicability of IFRS 7 - 'Financial instruments - disclosures' through its notification S.R.O. 411(I)/2008 dated April 28, 2008. Accordingly, the requirements of the said standards have not been considered in the preparation of these financial statements.

3.1 Standards, interpretations and amendments to published approved accounting standards

The following amendments to existing standards have been published that are applicable to the Bank's financial statements covering annual periods, beginning on or after the following dates:

3.2 New accounting standards / amendments and IFRS interpretations that are effective for the year ended December 31, 2012

The following standards, amendments and interpretations are effective for the year ended December 31, 2012. These standards, interpretations and the amendments are either irrelevant to the Bank's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

Amendments to IAS 12 - Income Taxes - Deferred
Tax: Recovery of Underlying Assets

Effective from accounting period beginning on or after
January 1, 2012

3.3 New accounting standards and IFRS interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, interpretations and the amendments are either not relevant to the Bank's operations or are not expected to have significant impact on the Bank's financial statements other than certain additional disclosures.

Amendments to IAS 1 - Presentation of Financial Statements – Presentation of Items of Other Comprehensive Income	Effective from accounting period beginning on or after July 01, 2012
Amendments to IAS 19 - Employee Benefits	Effective from accounting period beginning on or after January 01, 2013
Amendments to IAS 32 Financial Instruments: Presentation - Offsetting financial assets and financial liabilities	Effective from accounting period beginning on or after January 01, 2014
IFRIC 20 - Stripping Costs in the Production Phase of a Surface Mine	Effective from accounting period beginning on or after January 01, 2013

3.4 Annual Improvements

The following improvements are effective for annual periods beginning on or after January 1, 2013.

- IAS 1 Presentation of Financial statements
- IAS 16 Property, Plant and Equipment
- IAS 32 Financial Instruments: Presentation
- IAS 34 Interim Financial Reporting

Other than the aforesaid standards, interpretations and amendments, the International Accounting Standards Board (IASB) has also issued the following standards which have not been considered by the Bank as the standards and their relevant amendments have not been adopted locally by the Securities and Exchange Commission of Pakistan:

- IFRS 1 – First Time Adoption of International Financial Reporting Standards
- IFRS 9 – Financial Instruments
- IFRS 10 – Consolidated Financial Statements
- IFRS 11 – Joint Arrangements
- IFRS 12 – Disclosure of Interests in Other Entities
- IFRS 13 – Fair Value Measurement
- IAS 27 (Revised 2011) – Separate Financial Statements due to non-adoption of IFRS 10 & IFRS 11
- IAS 28 (Revised 2011) – Investments in Associates and Joint Ventures due to non-adoption of IFRS 10 & IFRS 11

4 BASIS OF MEASUREMENT

These financial statements have been prepared under the historical cost convention except for certain investments carried at fair value.

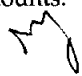

The preparation of financial statements in conformity with approved accounting standards, as applicable in Pakistan, requires the use of certain accounting estimates and judgments in application of accounting policies. The area involving a high degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements, are disclosed in note 5.19.

These financial statements are prepared in Pak Rupees which is Banks functional and presentation currency.

5 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

5.1 Cash and cash equivalents

Cash and cash equivalents for the purpose of cash flow statement represent cash in hand, balances held with treasury banks and balances held with other banks in current and deposit accounts.

5.2 Investments

All purchases and sale of investments are recognized using settlement date accounting. Settlement date is the date on which investments are delivered to or by the Bank. All investments are derecognized when the right to receive economic benefits from the investments has expired or has been transferred and the Bank has transferred substantially all the risks and rewards of ownership.

Investments are classified as follows:

Available for sale investments

Investments which may be sold in response to need for liquidity or changes in interest rates, exchange rates or equity prices are classified as available for sale. Available for sale investments are initially recognized at cost and subsequently measured at fair value.

The surplus/ (deficit) arising on revaluation of available for sale investments is kept in "Surplus/ (deficit) on revaluation of assets" and is shown in the balance sheet below equity. The surplus / (deficit) arising on these investments is taken to the profit and loss account, when actually realized upon disposal.

Held for trading investments

These represent securities acquired with the intention to trade by taking advantage of short-term market / interest rate movements. These are marked to market and surplus / deficit arising on revaluation of 'held for trading' investments is taken to profit and loss account.

Held to maturity investments

Investments with fixed maturity, where management has both the intent and the ability to hold till maturity, are classified as held to maturity. Subsequent to initial recognition at cost, these investments are measured at amortized cost, less provision for impairment in value, if any, and revalued at balance sheet date as per the regulations based on the value of comparable instruments being traded if an active market exists. Profit on held to maturity investments is recognized on a time proportion basis taking into account the effective yield on the investments.

Premium or discount on acquisition of held to maturity investment's is amortized through profit and loss account over the remaining period till maturity.

5.3 Advances

Advances are stated net of provisions for non-performing advances. Advances that are overdue for 30 days or more are classified as non-performing and divided into categories as prescribed in the regulations.

The Bank maintains, in addition to the general provision over total advances, specific provision for potential losses for all non-performing advances on the basis of the regulations and other directives issued by the State Bank of Pakistan. General and specific provisions are charged to the profit and loss account.

In accordance with the Regulations, non-performing advances are written-off one month after the loan is categorized as Loss. However, the Bank continues its efforts for recovery of the written-off balances.

5.4 Operating fixed assets

Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any.

Property and equipment

Property and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the asset and the costs of dismantling and removing the items and restoring the site on which they are located, if any.

Depreciation is charged on the straight line at rates specified in note 10.2 to the financial statements, so as to write off the cost of assets over their estimated useful lives. Depreciation is charged on acquisition and disposal based on number of months the assets are available for use. Full month's depreciation is charged in the month of acquisition while no depreciation is charged in the month of disposal.

Subsequent costs are included in the assets' carrying amount when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. Carrying amount of the replaced part is derecognized. All other repair and maintenance are charged to profit and loss account.

Gains and losses on disposal of an item of property and equipment are determined by comparing the proceeds from disposal with the carrying amounts of fixed asset and are recognized within "other income" in the profit and loss account.

Intangible assets

An intangible asset is recognized if it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and that the cost of such asset can also be measured reliably. These are stated at cost less accumulated amortization and impairment losses, if any.

Intangible assets comprise of computer software and related applications. Intangible assets are amortized over their estimated useful lives at rate specified in note 10.3 to the financial statements. Subsequent expenditure is capitalized only when it increases the future economic benefit embodied in the specific asset to which it relates. All other expenditure is recognized in profit and loss account as incurred.

5.5 Impairment - Non financial assets

The carrying amounts of the Bank's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists then the asset's recoverable amount is estimated.

An impairment loss is recognized if the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that are largely independent from other assets and groups. Impairment losses are recognized in profit or loss. Impairment losses recognized in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the units and then to reduce the carrying amount of the other assets in the unit (group of units) on a pro rata basis.

The recoverable amount of an asset or cash-generating unit is the greater of its value in use and its fair value less costs to sell. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

5.6 Taxation

Current

Current tax is the tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, taking into account tax credits, rebates and tax losses, if any, and any adjustment to tax payable in respect of previous years.

Deferred

Deferred tax is accounted for on all major taxable temporary differences between the carrying amounts of assets for financial reporting purposes and their tax base. A deferred tax asset is recognized only to the extent that it is probable that future taxable profits will be available against which the asset can be utilized. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realized. At each balance sheet date, the bank reassesses the carrying and the unrecognized amount of deferred tax assets.

Deferred tax assets and liabilities are calculated at the rate that are expected to apply to the period when the asset is realised or the liability is settled, based on the tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date.

Deferred tax, on revaluation of investments, if any, is recognized as an adjustment to surplus/ (deficit) arising on such revaluation.

5.7 Employee benefits

The main features of the schemes operated by the Company for its employees are as follows:

Defined benefit plan

- Staff gratuity

The Bank operates an approved funded gratuity scheme for all its regular employees. The cost of providing benefits under the plan is determined using the projected unit credit actuarial valuation method. Estimate is made on the basis of expected period of service of employees, expected increase in salary, discount rate and other demographic assumptions. Six or more months of service are counted as one full year. Qualifying service period is two years.

- Accumulating compensated absences

The Bank provides annually for the expected cost of accumulating compensated absences on the basis of actuarial valuations. Regular employees of the Bank are entitled to accumulate the unutilized privilege leaves up to 60 days. The most recent valuations were carried out as on December 31, 2012 using the projected unit credit method. Actuarial gains and losses are recognized as income or expense immediately.

Defined contribution plan

The Bank operates an approved defined contribution provident fund for all permanent employees. Equal monthly contributions @ 10% of basic pay are made by the employees and the Company to the fund.

5.8 Statutory reserve

In compliance with the Regulations, the Bank is required to maintain a statutory reserve to which an appropriation equivalent to 20% of the profit after tax is made till such time the reserve fund equals the paid up capital of the Bank. Thereafter, the contribution is reduced to 5% of the profit after tax.

5.9 Depositors' protection fund

The Bank has a policy to maintain a depositors' protection fund for the purpose of mitigating risk of its depositors, to which the Bank is required to credit not less than 5% of its annual profit after taxes.

5.10 Grants

Grants that compensate the Bank for expenses incurred are recognised in the profit and loss account as other income on a systematic basis in the same periods in which the expenses are incurred.

Grants that compensate the Bank for the cost of an asset are recognised in the profit and loss account as other income on a systematic basis over the useful life of the asset.

The grant related to an asset is recognised in the balance sheet initially as deferred income when there is reasonable assurance that it will be received and that the Bank will comply with the conditions attached to it

5.11 Revenue recognition

Mark-up/return (service charge) on advances is recognized on accrual/ time proportion basis, except for income, if any, which warrants suspension in compliance with the Regulations. Mark-up recoverable on non-performing advances is recognised on a receipt basis in accordance with the requirements of the regulations. Application processing fee is recognized as income when service is performed.

Mark-up / return on investments is recognised on time proportion basis using effective interest method. Where debt securities are purchased at premium or discount, those premiums/ discounts are amortised through the profit and loss account over the remaining period of maturity.

Income from interbank deposits in saving accounts are recognised in the profit and loss account as it accrues.

5.12 Borrowing costs

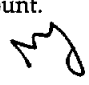

Mark up, interest and other charges on borrowings are charged to income in the year in which they are incurred.

5.13 Operating leases

Operating lease rentals are recorded in profit and loss account on a time proportion basis over the term of the lease arrangements.

5.14 Financial instruments

All financial assets and financial liabilities are recognised at the time when the Bank becomes a party to the contractual provisions of the instrument. At the time of initial recognition, all the financial assets and financial liabilities are measured at cost, which is the fair value of the consideration given or received for it. Subsequently, these are stated at their nominal values as reduced by appropriate allowances for estimated irrecoverable amounts, if any. All the financial assets are derecognised at the time when the Bank loses control of the contractual rights that comprise the financial assets. All financial liabilities are derecognised at the time when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled, or expired. Any gain or loss on derecognition of financial assets and financial liabilities is taken to profit and loss account.

Financial assets

Financial assets are cash and balances with SBP and NBP, balances with other banks, lending to financial institutions, investments, advances and other receivables. Advances are stated at their nominal value as reduced by appropriate provisions against non-performing advances, while other financial assets excluding investments are stated at cost. Investments classified as available for sale are valued at mark-to-market basis.

Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangement entered into. Financial liabilities include borrowings and other liabilities which are stated at their nominal value. Financial charges are accounted for on accrual basis.

Any gain or loss on the recognition and derecognition of the financial assets and liabilities is included in the net profit and loss for the year in which it arises.

5.15 Impairment – financial assets

A financial asset is considered to be impaired if objective evidence indicates that one or more events have had a negative effect on the estimated future cash flows of that asset.

An impairment loss in respect of a financial asset measured at amortized cost is calculated as the difference between its carrying amount, and the present value of the estimated future cash flows discounted at the original effective interest rate.

Individually significant financial assets are tested for impairment on an individual basis. The remaining financial assets are assessed collectively in groups that share similar credit risk characteristics. All impairment losses are recognized in profit or loss.

An impairment loss is reversed if the reversal can be related objectively to an event occurring after the impairment loss was recognized. For financial assets measured at amortized cost the reversal is recognized in profit or loss.

5.16 Off-setting

Financial assets and financial liabilities and tax assets and tax liabilities are only off-set and the net amount is reported in the financial statements when there is a legally enforceable right to off set the recognized amount and the Bank intends either to settle on net basis or to realize the assets and to settle the liabilities simultaneously. Income and expense items of such assets and liabilities are also off-set and the net amount is reported in the financial statements.

5.17 Foreign currencies

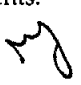

Transactions in foreign currencies are recorded at the rates of exchange ruling on the date of the transaction. All monetary assets and liabilities denominated in foreign currencies are translated into PKR at the rate of exchange ruling on the balance sheet date and exchange differences, if any, are charged to profit and loss account.

5.18 Provisions

Provisions are recognized when the Bank has a legal or constructive obligation as a result of past events, it is possible that an outflow of resources embodying economic benefits will be required to settle the obligation and reliable estimate of the amount can be made.

5.19 Use of Critical accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards as applicable in Pakistan requires the use of certain accounting estimates. It also requires management to exercise its judgment in the process of applying the Bank's accounting policies. The Bank uses estimates and assumptions concerning the future. The resulting accounting estimate will, by definition, seldom equal the related actual results. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where assumptions and estimates are significant to the Bank's financial statements or where judgment was exercised in application of accounting policies are as follows:

- 1) Useful life of operating fixed assets;
 - 2) Income taxes;
 - 3) Staff retirement benefits;
 - 4) Classification of Advances and Investments;
 - 5) Provision of Advances; and
 - 6) Valuation and impairment of Investments.

27

The Bank's objectives when managing its capital are:

- a) To comply with the capital requirements set by the SBP;
- b) To safeguard the Bank's ability to continue as a going concern so that it can continue to provide returns for shareholders and benefits for other stakeholders; and
- c) To maintain a strong capital base to support the development of its business.

Capital requirements applicable to the Bank are set out under Microfinance Institutions Ordinance, 2001. These requirements are put in place to ensure sufficient solvency margins. The Bank manages its capital requirement by assessing its capital structure against required capital level on regular basis. Currently the Bank has paid up capital of Rs. 1 Billion. The minimum paid up capital requirement applicable to the Bank is Rs. 1 billion. The bank has maintained capital adequacy ratio in accordance with regulation No. 4 of the Regulations which states that the Bank shall maintain capital equivalent to at least 15% of its risk-weighted assets.

The Bank will continue to maintain the required regulatory capital either through its risk management strategies or by increasing the capital in line with the business and capital needs.
